SUMMARY

MSc Computer Science student with strong foundation in Python, Java, and full-stack web development. Hands-on experience in AI/ML projects through CodeAlpha internship. Proven problem-solving abilities and leadership experience as NCC Cadet. Seeking Software Developer role at top-tier tech companies to build scalable, impactful solutions.

EXPERIENCE

AI Virtual Internship

CodeAlpha

February 2026 – March 2026, Palakkad, Kerala, India

- Developed FAQ Chatbot using Python and Django framework to automate customer support queries and improve response accuracy
- Built Real-time Object Detection and Tracking system using computer vision techniques; achieved robust tracking across multiple video frames
- Applied NLP and ML concepts to enhance chatbot intelligence, reducing manual query handling workload by automating routine support
- Received Certificate of Completion and Letter of Recommendation recognizing technical excellence and project delivery.

PROJECT

AI-Based College Chatbot

mercy college

- Engineered intelligent chatbot system to handle college-related student queries automatically, reducing manual support requests
- Implemented custom NLP techniques for intent recognition and response generation, improving chatbot accuracy and user satisfaction
- Demonstrated strong problem-solving skills in designing practical AI solutions for accessibility improvement and operational efficiency.

Real-time Object Detection & Tracking System

CodeAlpha

- Developed robust real-time object detection and tracking pipeline using computer vision techniques for video analysis
- Implemented efficient frame-by-frame processing and multi-object tracking maintaining consistency across video sequences
- Applied ML concepts for object classification and advanced tracking algorithms to ensure accurate, real-time detection performance.

EDUCATION

Master of Science in Computer Science

University of Calicut, VTB College, Sreekrishnapuram • Palakkad, Kerala, India • 2024 – 2026

Bachelor of Computer Applications – First Class with Distinction

University of Calicut, Mercy College, Palakkad • Palakkad, Kerala, India • 2021 – 2024

Higher Secondary (Commerce)

State Board of Education, Kerala • Palakkad, Kerala, India • 2019 – 2021 • 95%

SSLC

State Board of Education • Kerala Palakkad, Kerala, India • 2018 • 96%

INVOLVEMENT

University of Calicut • NCC Cadet

- Participated in advanced leadership training programs, drills, and camps; developed discipline and organizational expertise
- Demonstrated teamwork, communication excellence, and commitment to community service and social responsibility.

AWARDS & HONORS

Chief Minister's Student Excellence Award

Department of Higher Education, Government of Kerala

- for outstanding academic performance.

2nd Prize Winner

Mercy College Palakkad (Trailblazer 10.0)

- Debugging Competition – Demonstrated strong analytical and problem-solving skills in competitive environment.

SKILLS

Languages: Python, Java, C Programming, SQL

Web Development: HTML, CSS, JavaScript

Frameworks & Libraries: Django, Flask, React (learning)

Concepts: OOP, Data Structures, Machine Learning, NLP, AI Fundamentals, DBMS, SQL

Tools & Technologies: Git, GitHub, Jupyter Notebook, VS Code

Skills 5: Malayalam (Native) | English (Fluent) | Hindi (Intermediate) | Tamil (Intermediate)
